FOREWORD

School life is a complex existence. To capture a part of it in the pages of a yearbook is no little task, but it is, nonetheless, one which brings some satisfaction and joy as well as some trying moments.

This is the story of a year, a year which has been filled with much activity and many exciting events. It has been a year of growth and progress.

We have sought to capture in the 1960 WARRIOR some of the quickening WITH excitement, and the aching WITH sadness, we have experienced as the school year 1959-60 slipped from our fingers and splashed these pages with memories.

When you delve through its pages, may your enjoyment equal that of those who have made this book possible.

THE ANNUAL STAFF

DEDICATION

*What is our goal, our future, planned to be?
Will it not depend, in part, on what we see
In those our guides across the quaking lands
Of prying intellect on which youth stands?*

Appreciation is an intangible quality. It can be expressed only through some outward token of word or deed. Therefore, as a concrete expression of our sincere appreciation, we dedicate this volume of **THE WARRIOR** to Mrs. Durward Ross — an able scholar and a wise friend.
